

# Youth Restoration Project

Cultivating Relationships, Restoring Community

## Additional Booster Training in Restorative Justice Practices

To hone your skills or upgrade your Certificate – everyone can use a Restorative refresher.

### Offered for:

- Those with a Basic Tools Certificate or Certificate of Initial Mastery.
- Those who have attended the Initial Overview session and want to complete Certificate training.\*

### Registration:

You can register for any available practice/booster sessions in our current training series. Find our current schedule and sign up on-line at <https://yrpofri.org/booster-registration>. Please do not just drop in at any session without registering – we need to manage to number of people attending to make sure everyone can participate. And remember, at each session participants report on their “[homework](#)” experiences in using Restorative Practices.

### Reasons for further training:

- To upgrade your Basic Tools Certificate to the Certificate of Initial Mastery.
- To gain confidence and develop consistency in using your skills. Even the most committed among us sometimes find it hard to resist the “slippery slope” of reverting to punitive habits, given the difficult environments we operate in.
- To begin the process of becoming a certified trainer yourself. YRP will work with you on a training path designed for your circumstances and goals.
- To reconnect with Restorative Practitioners from around the State who are applying these skills and concepts in a variety of settings.

### Practice / booster topics:

The Art of Questions  
Teams that Work  
Restorative Justice  
Self-Care / Self-Circling

The Art of “I-Statements”  
Trauma / Basic Brain Science  
Community Building  
Identifying Triggers

**Cost:** \$80 for a single session; \$120 for two, \$150 for three or \$180 for four booster sessions.

\*Participants in previous training series who were unable to attend all their scheduled sessions should email us ([info@yrpofri.org](mailto:info@yrpofri.org)) to see if they can make up the missed sessions at no cost.
